Why Switch to Social?

**Faster, Better Output**
“Executives and managers using internal social technologies can raise their productivity by 20 to 25 percent.”
*(McKinsey Global Institute)*

**More Efficient**
“Workplace distraction can cost businesses $600 billion a year. Connect remotely to a more focused work environment 24/7.”
*(Telework Research Network)*

**A Hub of Connections and Solutions**
The past was static content. Today, it’s a breathing, thriving network fueled by human collaboration with people and ideas at every corner, accessible anytime - and from anywhere.

To help the onboarding process we plan to develop a series of "#HOW-TO" videos. Any volunteers / suggestions?

I have directed a couple of short films, I can pitch in.

I have been participating in school plays and I have drama skills 😊

Hmmm, topic suggestion - How to apply for a leave?

I know the process in and out...

Lets take the discussion private.

I shared a document - scripts, storyline and how to do it, etc...

Look at this picture - we can use this as a poster...

I’ll update the dialogues...

Edited version of the movie...

Looks awesome!
